

Maritime Security Consultancy, Training & Recruitment

Trigon provides Security Consultancy, Training & Recruitment services within the Maritime sector to organisations across the UK and Internationally. We are an approved **TRANSEC Approved Port Facility Security Officer (PFSO) Training Provider**.

Our Associates have worked on numerous maritime security projects where they were instrumental in implementing the global maritime International Ship and Port Facility Security (ISPS) code by delivering business process change training courses, course materials and security plans. They have also conducted ship and port facility surveys of Oil Vessels, Petro Chemical and Bulk Storage facilities.

Trigon Associates have:

- Trained in excess of 300 Company, Ship and Port Facility Security Managers in ISPS implementation
- Delivered 200 compliant Port Facility and Ship security plans
- Designed and delivered training course modules and delegate materials that were accredited by the Department for Transport (TRANSEC) and the Maritime Coast Guard Agency (MCA)
- Conducted Port Facility Security Surveys on behalf of the Italian Government in the Port of Venice
- Produced Port Facility Security Assessment reports and surveys

Previous clients have included: British Petroleum (BP), Det Norske Veritas (DNV), Irish Ferries, Alcoa, Hutchison Ports, Seacon & DSD Shipping.

Maritime Training:
